

Dear Friends and Neighbours,

The 19<sup>th</sup> annual Parkview Hills Community Association (PHCA) Picnic was a great success on Sunday, June 21<sup>st</sup>.

I want to thank my board colleagues, the volunteers and especially the sponsors and donors who helped ensure the outstanding success of this great community event. Without their support, the event would not have happened. Further details on the Picnic can be found on the back of this page as well as a list of all those who made a contribution.

Important details on where residents can dispose of their garbage can be found on the right hand side of this page. To keep our community clean, the PHCA has signed on to the 1Toronto.ca. **1Toronto.ca** is a community initiative that was started by Toronto MPP George Smitherman that seeks to encourage Torontonians to help keep the city beautiful in the midst of the current labour dispute. 1Toronto.ca will be a resource for citizens to locate and document cleaning of garbage 'hot spots' in the city.

The PHCA will be watching closely to see what needs attention. We have immediately identified the garbage bins located on St. Clair Ave. E. in front of Presteign Heights School and at the Parkview Gardens Parkette and will be emptying these when they need it.

Finally, with no shortage of things to-do your PHCA Board of Directors continues to meet often and discuss the issues that matter to you and to request attention and appropriate action. Stay informed by signing up to our e-mail bulletin by visiting our website or by filling out the form on the back. If you have any comments or questions, please do not hesitate to contact me at 416-755-6459 or visit [www.parkviewhills.ca](http://www.parkviewhills.ca)

Sincerely,

Justin Van Dette  
President, Parkview Hills Community Association
